

STUTI TIWARI

I am a self-motivated, passionate, and hardworking student studying Computer Science Engineering. I'm interested in Web development and have experience with HTML, CSS, JavaScript, SQL. I've worked on intriguing projects that have allowed me to get more exposure in this area while also teaching me new skills. I aspire to work in an innovative atmosphere where I can use my technical and interpersonal abilities to help the company achieve its objectives.

Work Experience

Web content writer

Punar Healthcare | February 2020- November 2020

I was responsible for writing content and captions for various social media posts on different platforms. I also wrote the content and gave my input for official website of Punar. I also designed monthly plan and timelines for social media posts. I was also involved here as a frontend web developer and helped in revamping and designing the website and learned a lot from my seniors and colleagues.

Academic History

Vellore Institute of Technology, Vellore

B.Tech in Computer Science and Engineering | 2018- 2022

Current CGPA - 8.87

St. Mary's Convent School

XII (CBSE) | 2016-2017

Percentage- 90.60

St. Mary's Convent School

X(CBSE) | 2014-2015

Projects

Rejuvenate Online Healthcare System

This project aims to create a website which helps patient to view their scheduled appointments and delete the same. The doctors can upload and view the reports they are submitting for patients. On the other hand, the platform also takes lab reports which are updated & stored on the server.

Certifications

Neural Networks and Deep Learning

Deeplearning.AI | Coursera

Python Data Structures

University of Michigan | Coursera
